

Every Mercure hotel is unique, and when you sit down in one of our restaurants you'll discover this same uniqueness in our food.

We pride ourselves on offering a good choice of quality dishes and where possible infuse the finest local British flavours.

We always try to source produce from sustainable sources and the provenance and traceability of our food is vitally important to us - and with dishes that change with every season, you can be sure all our ingredients are at the very peak of their freshness and flavour.

If there is anything on our menu that you would like cooked slightly differently please don't hesitate to ask and we will try our best.
